### CERTIFICATE OF SCANNING

---

This is to certify that the Scanning of Concrete Floor located at \_\_\_\_\_  
\_\_\_\_\_ for **Coring Works** of proposed sewer lines of  
\_\_\_\_\_ was conducted on \_\_\_\_\_  
on site with **Building Engineering Administration Representative**, by using **ferrus and non  
ferrus metal detector concreter scanner**.

In line with this, our layout for the proposed coring location will not affect the embedded  
pipelines and rebars on concrete floors.

\_\_\_\_\_  
Coring and Scanning Works Contractor's Representative

Witnessed by:

\_\_\_\_\_  
Building Engineering Admin Representative
